"Human Resources and Worker Compensations Issues"

May 4, 2006

Dear Board Members:

This is a report of the search for the position of President of Gateways for Youth and Families.

We advertised on a regional basis for 3 continues weeks on Monster. Com and Craigslist for this position. We received six responses. Of those responses, 4 were deemed not qualified due to lack of experience or were requesting a compensation package outside of the range that was set by the Board.

We received 2 survey results back from the Board indicating what qualifications were expected for the position of President and what compensation package the Board was willing to offer. Based on the survey results and responses from the request for resumes, we are submitting 2 qualified resumes for your consideration for the position of President for Gateways for Youth and Families.

Thank you for the opportunity to be of service.

Sincerely,

Tim Reid
